

CARING FOR THE ENVIRONMENT HAPPINESS IS A GREEN THUMB!

LECHUZA is committed to using resources in the most efficient and environmentally friendly way. This is why we make products that last. We recycle LECHUZA planters and production scrap and use this material to manufacture new products.

We also care about sustainability; a large part of our production water comes from cisterns and we are constantly looking for ways to reduce our energy consumption. And in an effort to create a sustainable value chain, we include our suppliers and distributors in our environmental concept.

* Residual plastic from the production of our own products.

REINTRODUCTION OF

90%

OF RESIDUAL PLASTIC* INTO PRODUCTION

WE PROCESS

APPROX. 40%

RECYCLED PLASTICS EACH YEAR

IN PRODUCTION WE USE

UP TO 80%

OF THE WATER FROM CISTERNS

WE USE

100%

GREEN ELECTRICITY IN PRODUCTION

OUR PLANTERS ARE 100% RECYCLABLE
